

DESCRIPTION

The set of furniture to built an interesting and creative construction. It is also very useful in separating the space not only in big rooms but also in those smaller ones. Nice, maple body perfectly matches the colourful elements. The height of cabinets is fitted to kids' height so they can easily use every single shelf. The set is made of 18 mm thick laminated chipboard. Edges secured with 2 mm ABS. The holes in the sides of the cabinets were designed to connect the modules. They should be joined together as it ensures the stability of the structure. Dim.: H. 65 x W. 60 x D. 42 cm
