

DESCRIPTION

The Active series of gymnastic equipment is designed to meet the needs and requirements of each educational institution. A wide range of ladders, various types of gymnastic boxes, the possibility of supplementing the sets with sensory benches definitely make any physical or rehabilitation classes more attractive. A well-thought-out mounting system guarantees safe use. TECHNICAL INFORMATIONS: the base and top of the box are made of 18 mm birch plywood, side posts are made of beech, ash poles, the top of the box is covered with a layer of foam and hemmed with leather-like material, the box consists of 4 separate modules: the upper module, the lower module (base) and 2 internal modules the height of the box can be adjusted by adding or removing 2 internal modules each box module can be used as a separate element the box is suitable for both wide and narrow benches, as well as sensory benches non-slip rubber feet prevent the box from moving during exercise.
