

DESCRIPTION

The Active series of gymnastic equipment is designed to meet the needs and requirements of each educational institution. A wide range of ladders, various types of gymnastic boxes, the possibility of supplementing the sets with sensory benches definitely make any physical or rehabilitation classes more attractive. A well-thought-out mounting system guarantees safe use. TECHNICAL INFORMATIONS: the ladder is made of 18 mm birch plywood, the locks on the sides allow for a solid and safe attachment of the ladder to gymnastic boxes (two-stage security system), the sides are made of 30 mm plywood, sticks with a diam. 34 mm are made of crack-resistant ash wood, distance between the bars 11 cm, wooden feet of the ladder are covered with non-slip rubber, which allows it to be used both on the floor and attached in various combinations with wall boxes and ladders (with a maximum diameter of the bars 4 cm), the ladder fits a large, modular box and any wall ladder wit...
