

DESCRIPTION

The Active series of gymnastic equipment is designed to meet the needs and requirements of each educational institution. A wide range of ladders, various types of gymnastic boxes, the possibility of supplementing the sets with sensory benches definitely make any physical or rehabilitation classes more attractive. A well-thought-out mounting system guarantees safe use. TECHNICAL INFORMATIONS: the slide is made of 18 mm birch plywood, the locks applied on the sides enable a solid and safe attachment of the slide to gymnastic boxes (two-stage security system), colored reinforcements and sides are made of 30 mm plywood, the bars are made of crack-resistant ash wood, wooden feet of the slide are covered with non-slip rubber, which allows it to be used both on the floor and attached in various combinations with wall boxes and ladders (with a maximum diameter of the bars 4 cm), the slide fits into a large, modular box and any wall ladder with a bar diameter up to...
