

FLO Cabinet with a Seat, white

6513119

DESCRIPTION

The body of the cabinet is made of laminated chipboard and the fronts of the containers are made of laminated MDF board on both sides. The containers have wheels and the milling characteristic of the collection, as well as minimalist handles to facilitate their removal. At the top there is a mattress (foam covered with Tornado material) and a backrest in the form of beech poles. It is available in two color versions (white and anthracite). An unusual collection of furniture for children. Unusual shapes offer interesting arrangement possibilities, and a well-thought-out design will give the interior a unique character. Dimensions: W 103 x H 68 x D 40 cm
